

Prendre une feuille de papier carrée, rouge d'un côté et blanche de l'autre, la plier selon ses 2 diagonales en prenant soin de faire coïncider les pointes:

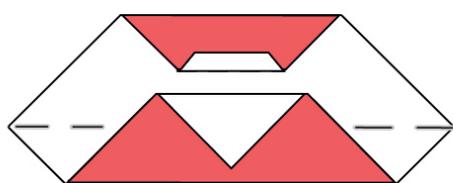

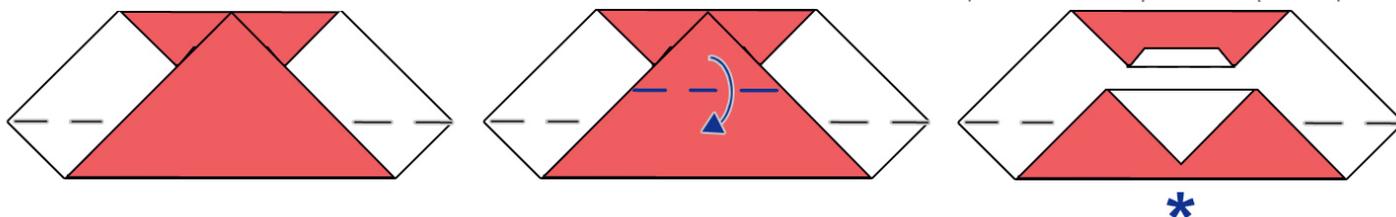

Plier ensuite le sommet supérieur pour le faire coïncider avec le centre du carré:

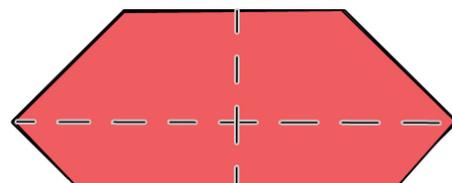

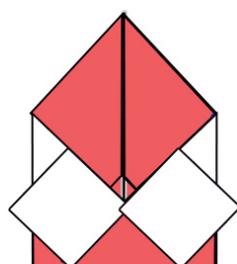

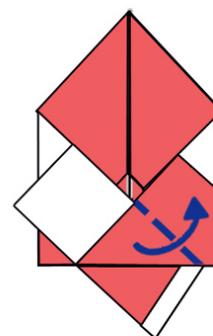

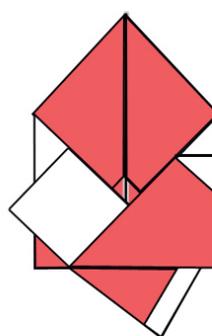

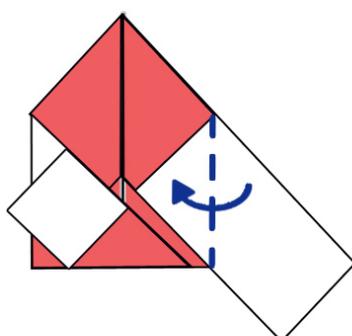

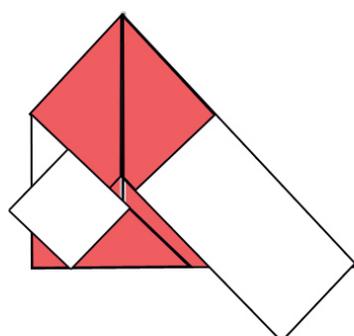

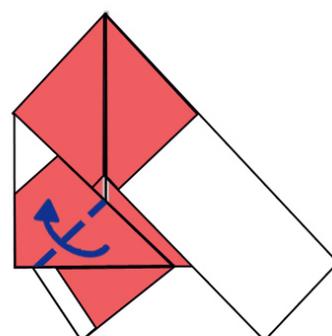

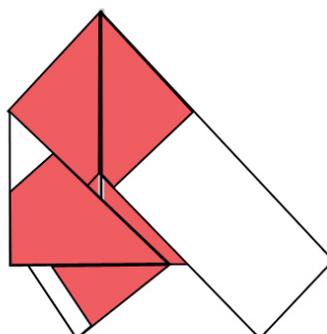

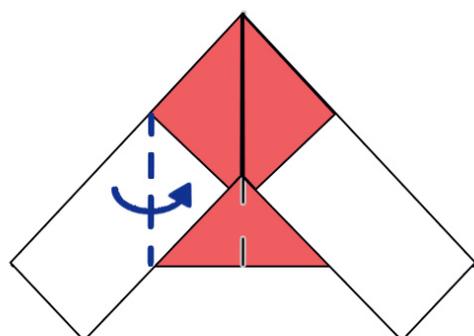

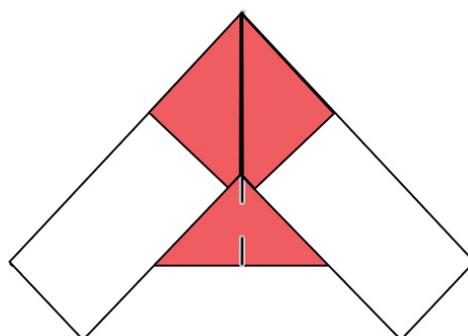

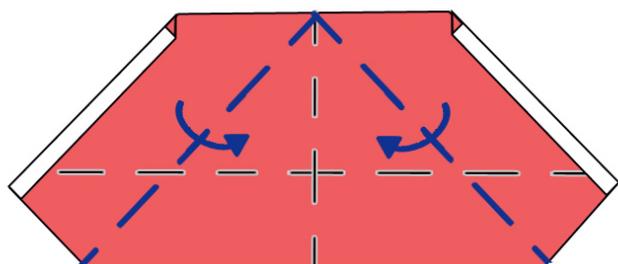

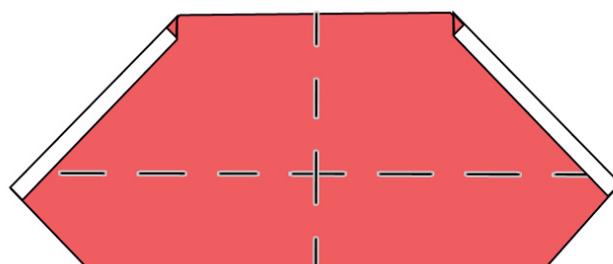

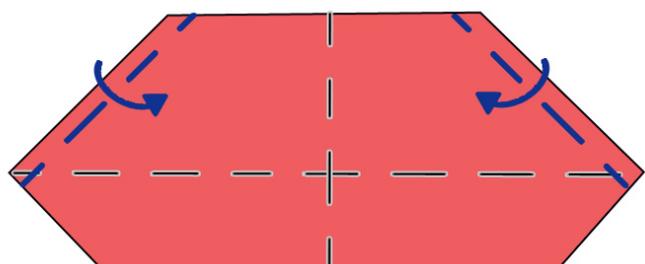

\* Rabattre le sommet sans le faire coïncider avec le bord inférieur (laisser un petit espace)

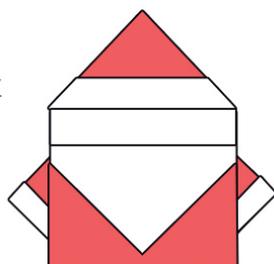

Ensuite retourner la feuille

Retournez

Il ne vous reste plus qu'à personnaliser votre père Noël!!!
